Transition to Professional Practice 2023 ENROLLED NURSE 12 MONTH PROGRAM

ABOUT US

We are committed to ensuring our First Year Transitioning to Professional Practice Enrolled Nurses are supported and nurtured throughout their transition program to ensure a smooth and enjoyable start to their career. Sydney Hospital / Sydney Eye Hospital (SSEH) is located on the site of Australia's first Hospital.

Sydney Hospital/ Sydney Eye Hospital (SSEH) provides general and specialist health care to the public and community including 24 hour emergency care services, general medicine including a close observation unit, peri-operative services, day surgery, specialist hand surgery and ear, nose and throat surgery. Sydney Hospital's dedicated Hand Unit is a center of excellence and tertiary referral center for hand trauma, abnormalities and diseases of the hand.

Additionally, SSEH is a center of excellence and quaternary referral center for eye health conditions. It performs a vast amount of public eye surgery and provides emergency eye care, ophthalmic health services for inpatient/ outpatient and community outreach programs.

The Transition to Professional Practice Program for Enrolled Nurses provides you with an opportunity to undertake two rotations in a variety of units/departments during the 12 month program.
