POWH Anaesthetic RMO Critical Care information Night

Robert Turner

Administrative Head, Anaesthesia Prince of Wales Hospital

> Commander RAN

Why Anaesthesia?

- * Varied work
- * Work in a team
- * It's useful
- Post training employment prospects are good
- * Flexible work hours
- * Portability
- * Well paid
- * Interesting and exciting!

What do Anaesthetists actually do?

- * Anaesthetising patients in OT
- * Anaesthetising patients not in OT
- * Intensive Care medicine
- * Peri-operative medicine
- * Pain medicine
- * Research and teaching
- * Third World
- * Hyperbaric Medicine
- * Retrieval

Role of the Anaesthetist in the Hospital Setting

- * Pre-operative consultation
- * Preparation (lines etc)
- * Anaesthesia (regional vs. GA) what type of GA/what type of regional?
- * Intra-operative management
- Management of anaesthetic (or surgical) emergencies
- Post-operative issues (pain management, nausea and vomiting, complications etc)

Anaesthetic Subspecialties

- Paediatric anaesthesia
- * Cardiothoracic anaesthesia
- Perfusion anaesthesia
- * Neuro-anaesthesia
- * Obstetric anaesthesia
- Vascular anaesthesia
- * Transplantation anaesthesia

Becoming an Anaesthetist

- Express an interest early
- Rotational Training Scheme hospital appointment confers training advantages
- * Attend anaesthetic department meetings
- Work hard and honestly
- Treat your work colleagues well

Pro's and Cons

Pros Cons

- Very flexible work environment
- * No inpatients
- Family friendly
- Varied work
- * Controlled 'on-call'
- Team environment
- High patient satisfaction

- Short term relationship with patient
- Patients never come just for an anaesthetic
- Lack of recognition & understanding
- * Simple anaesthetics can become repetitive
- Lack of autonomy
- On-call

Why I love Anaesthesia (and would do it all again)

- Interesting, challenging & rewarding
- * Variety of practice
- * Useful with immediate reward
- Lots of professional interaction
- * Flexible work hours
- Balanced hospital/home life
- * Teaching and research
- * Great opportunities and experience
