   Terms of Reference for the Nursing and Midwifery Grading Committee detail the role and responsibility of the committee in the grading, regrading, reclassification process.

   Where an application for regrading and/or reclassification results in an increase in salary in excess of 5% or there has been a significant change in the role of the position it will be advertised as per NSW Ministry of Health Policy PD2015_026 - Recruitment and Selection of Staff of the NSW Health Service. Personal regrades of less than 5% increase in salary must have the incumbents resume attached to the grading application.
