	2.1	Hospital in the Home (HiTH) Update – George Bayeh			
	•	George Bayeh, NUM presented an update on Hospital in the Home (HiTH).			
	•	What is HiTH? - HiTH is an acute/sub-acute admitted care model			
		<ul> <li>It is a virtual ward that has commenced with 10 beds and has the</li> </ul>			
		capability of 22 beds			
		- Patients are treated in the home or community as a substitute for in-			
		hospital care. Patients need to be 18 years of age and over.			
		- Consultations can be held over Telehealth – a video link via the mobile			
		phone			
		Some of the benefits of HiTH			
		- Provides care in the home			
		- Infection risks are reduced			
		- Patients have direct contact with the nurses and Doctors			
	•	Service has been running for approximately four weeks and works closely			
		with the Infectious Diseases team.			
	•	Rod Lynch sought clarification regarding the decision of bed closures when			
		earlier in the year the hospital was virtually at capacity. The Committee was			
		advised that beds have been transferred to HiTH (virtual ward) and that we			

	will continue to monitor the service and the impact.
	<ul> <li>GP's can refer directly to this service. They will continue to receive</li> </ul>
	discharge summaries.

	12.2	CAG Processes – Rod Lynch
	•	Rod provided the following:-
		- Nine committee engagements were circulated to the CAG members.
		Three committees were filled.
		- Committee Evaluation (survey monkey) will be circulated in the near
		future. Information regarding Committee processes and the Charter
		(TOR) can be located in the Consumer Participation Manual (Ref No.
		T18/54152, updated July 2018) circulated to all committee members.
		<ul> <li>Positions of Chair and Co-Chair for CAG will be advertised/circulated</li> </ul>
	T	prior to the February 2020 meeting. The role of the Chair is to ensure
		that there is open input to our meetings. Suggestions were invited from
		CAG members for improving CAG meetings/processes. If there are any
		concerns or processes you would like considered, forward them to the
		current Chair or Secretariat.

Greg Lill raised the CAG time. With reports being submitted this has reduced the actual meeting times. The Committee was advised that this process was instigated due to the additional committees the consumers were participating on. It was agreed to submit reports to the District meetings under Item 10 Reports for Noting. However, consumers can continue to submit reports to the Committees they attend. Nick Skleparis asked if the consumers use the meeting time to review the brochures. Even though reviewing brochures is on the agenda, the process has been streamlined by an envelope of brochures to be reviewed presented at the end of each meeting. The consumers then take these brochures home to review and return the feedback sheets to the following CAG meeting. It offers consumers more time to review, especially for those who attend work after the CAG meeting. Forward any concerns to the Chair or Secretariat regarding this process. 13 **Confidential Items** Committee members are reminded that discussions in the meeting may be confidential. 14 **Meeting Closed** Date of next meeting - Tuesday 25 February 2020 at 9.00am to 10.30am, Boardroom, 4th Floor James Laws House, St George Hospital **CERTIFIED A CORRECT RECORD** Name Signature Date
