	2.1	Patient Experience – Kath Helling
	•	Kath Helling, Patient Experience Manager presented "A Patient's
		Perspective: Case Studies". This presentation has been created to engage
		and educate new hospital employees during their orientation process.
		What is The Patient Perspective?
		- It can be defined as the patient's experience of their illness/disease and
		the impact this has on them and their caregivers/loved ones.Their perspective is influenced by their values, needs, concerns and
		previous experiences with the health care system.
		Why is The Patient Experience important?
		- Positive experience will result in positive outcome for our patients.
¥.		- Better health outcomes.
		- Increased engagement with health service.
		- Shorter length of stay.
		- Decreased rate of healthcare acquired infections.
		- Increased adherence to treatment regimes.
		- Fewer deaths.
		- Lower readmission rates.

Committee members raised the following: A patient involved in their perceived treatment is an important aspect of their medical care. On a recent admission, the consumer advised that the staff listened to their comments and concerns around the discharge plan. It is important that we recognise demographics. Lorena Matthews advised that this gap was identified during our recent Readiness Assessment. **Approval of Minutes** 3 Minutes dated 22 February 2022 were confirmed as a true and accurate 3.1 4 Items Arising from Action Plan Committee to be updated regarding the business plan and hospital restructure – Angela Karooz Raised on 22/02/2022 - Agenda Item 3 Report deferred as Angela Karooz was unable to attend the Consumer Advisory Group (CAG) meeting. 		Clinical Council Report – Rod Lynch
	•	Report for the Clinical Council meeting held on 18 February 2022 was circulated with the agenda paperwork.
	•	On behalf of the CAG we extend an appreciation to Angela Karooz for acknowledging Jan Denniss, consumer representative in her recent report to the Clinical Council. They were advised that Jan was a long-standing member and volunteer at SGH for over 20 years, commencing her tenure on the SGH CAG in 2007.
	•	Rod Lynch raised at the Clinical Council meeting that there has been no feedback on recycling of used PPE at SGH. Angela Karooz to investigate and provide feedback at the next Clinical Council meeting.
	8.2	General Manager Report – Angela Karooz
	•	Angela Karooz was unable to attend the CAG meeting. Report was circulated with the agenda paperwork. Excerpt of report below: South Eastern Sydney Local Health District (SESLHD) Strategy 2022-2025 The Strategic Framework for Exceptional Care, Healthier Lives, the SESLHD Strategic Plan 2022-2025, was launched at the Annual Public Meeting in December 2021. Consultation with SGH staff, consumers and partners will continue this year to develop the actions and measures
	•	underpinning the Strategic Priorities, and the final strategy will be launched in June 2022. NSW Nurses – industrial action Members of the NSW Nurses and Midwives Association (NSWNMA) participated in a strike action on Tuesday 15 February 2022. The nurses' stated agenda was nurse to patient ratios and pay rates. RIS-PACS – go live
	•	The new RIS PACS (Radiology Information System – Picture Archive and Communication System) is being implemented across the District during March and April 2022. SESLHD will be the seventh Local Health District (LHD) to roll-out the system. The RIS PACS project plans to deliver an integrated solution including a secure web-based clinical viewer, improved electronic medical record integration, an archive solution, and all with infrastructure/system redundancy. General Manager, St George Hospital Recruitment processes are progressing and a panel of SGH staff have been convened for the pre interview panel to support the Chief Executive.

- Wellbeing Initiatives
 - EOI circulated by SESLHD for Wellbeing Ambassadors. This is an exciting opportunity for staff members from any discipline or department with a passion for wellbeing. Ten positions are available. Funding is provided to backfill the staff member's substantive position to free up capacity for one day per week for twelve months.
- Readiness Assessment
 - SGH undertook an online Accreditation Readiness Assessment in the first week of March. This will be followed by an onsite assessment in late March. Action plans and strategies are being completed based on the feedback to prepare for the formal Accreditation.
- Southern Sector Surgery Project
 SGH Leaders participated in the first meeting of the Southern Sector
 Surgery Project aiming to define the future model for surgery delivery in
 SESLHD southern sector through greater separation of emergency and
 elective surgery, in the context of theatre redevelopments at the St George
 and Sutherland Hospitals.

8.3 Nursing Update – Lauren Sturgess

- Lauren Sturgess echoed the comments made about Jan Denniss and acknowledged her enormous contribution to hospital signage. Jan's attention to detail and commitment is very commendable.
- We are in the process of creating a recruitment video. Shooting commences 23 March 2022. This will be a promotional video to assist with recruitment internationally. The resignation rate has increased during the pandemic due to stress, strain and burn-out.
- Recent strike by the Nurses Association. Prolonged strike (up to 24 hours) is scheduled for the end of this month. This will be challenging for hospitals.
- Our major focus is around workforce wellbeing.
- We are in the final stages of funding commitments for the upgrade to the grassed area between James laws House and the Tower Ward Block.
 Upgrade will be sponsored by Hurstville Rotary and a Grant application.
- We have seen an increase in activity due to the new Covid variant.

8.4 Quality and Safety Update – Sandra Grove

- January report has seen a spike in falls. We acknowledge there were still
 restrictions around visitation during this period. We anticipate the trend will
 start to fall with the return of visitors to support their family members.
- Clinical Safety and Improvement Team (CSI) are working with Professor Ritin Fernandez, Centre for Research in Nursing and Health on a research proposal investigating the reasons for falls.
- There have been no hospital acquired pressure injuries for the past five months.
- Report for January 2022:
 - 1 x Harm Score 1 as a result of a fall
 - 8 x Harm Score 2's five resulting from falls
 - 1 x HAI
 - Compliments received 65
 - Complaints received 9 (less than average)

- Disability Inclusion Committee:
 - One of the case studies discussed in Kath Helling's presentation was regarding a patient with an intellectual disability admitted via the Emergency Department. Sandra advised that we seeing an increase in the number of complaints received from people who have family members with disabilities. We are establishing the Disability Inclusion Committee. This committee will investigate how we can improve on the services we provide to people with disabilities. We will create Disability Champions. The Committee will also invite consumer representatives to join.
 - Rod Lynch asked if we have interacted with disability services outside our organisation. Sandra advised that we receive patient journey feedback through our day Surgery Unit. We have also engaged the District Disability Service.
 - Elizabeth Martin asked if the cultural and linguistic diverse community forward compliments or complaints to the organisation. The committee was advised that this gap has been identified and that we do not receive a lot of compliments and complaints. At the September 2021 CAG meeting we discussed a quality improvement project "We are here to care for your families". Part of this project was the creation of compassionate cards which were translated into five different languages.
- Advija Huseinspahic discussed an issue that occurred during visitor restrictions. A gentleman attended the Emergency Department (ED) in a confused state, did not speak English and was unable to have family support with him. He was unable to relay to staff that he was in pain or needed a glass of water as there was a delay in providing an interpreter. Sandra Grove advised that Diversity Health have created an app called "CALD Assist".
- CALD Assist is an app that helps clinicians overcome language barriers with patients who have limited English proficiency, when an interpreter is not available. Trial of CALD Assist will commence in eight weeks, including Short Stay in ED. The app features include:
 - More than 200 commonly used phrases in low risk/basic care areas, professionally interpreted into ten languages, plus English.
 - Language groupings into seven health areas; COVID-19; dietetics; occupational therapy; physiotherapy; podiatry; speech therapy and nursing.
 - Translated phrases supported by images, video and audio records. The app can be downloaded on smart phones and iPads for free from the Apple App store and Google Play store. At this stage the app is not supported on Workstation on Wheels (WOW). For more information and resources available at https://www.mhcs.health.nsw.gov.au/about-us/campaigns-and-projects/current-campaigns/cald-assist
- The committee was advised that all feedback does need to be in the form
 of a complaint or compliment. All feedback is welcome. Feedback can be
 directed to E: SESLHD-STG-ConsumerFeedback@health.nsw.gov.au

	8.5	Stage 3 Redevelopment Update – Ella Stathis
		The Committee was advised that a Consumer Co-design Advisory
		Committee (CCAC) is being created. This committee will work directly with
		the Redevelopment Team to provide a consumer and carer feedback on
		the new Ambulatory Care Building. It will discuss detailed designs such as
		how spaces will look, colours etc.
		The Redevelopment Team is looking to recruit 12 individuals to attend
		monthly meetings. An invitation has been circulated to the consumers of
		the CAG. Applications close mid-April. To register your interest call the
		Redevelopment Team on 0418 205 992 or via email

	11.4	Accreditation – Rod Lynch
		Rod Lynch reminded the Committee that Accreditation will be held in June 2022 and asked that the consumers familiarise themselves with our Charter which outlines the purpose, functions and responsibilities for the CAG.
5-		Sandra Grove advised that Accreditation is scheduled for 6 to 10 June 2022. She will be working in consultation with the assessors to create the timetable.
		Greg Lill advised that both he and Rod Lynch were invited to a Readiness Assessment meeting with the consultant. Discussions were held on our engagement; what our reporting process is; and what questions could be asked during the Accreditation process.
		Rod Lynch reminded the Committee that at the end of each year we complete a committee evaluation survey. If there is any item/issue that you are unsure of, it can be raised at the CAG meeting or discussed with the
		Chair/Secretariat.
