7	Health Records. N	,			
	1	this out again in future if she and / or the CAG is involved with any My Health Records matters.			
5	General Business		All		

ITEM	DESCRIPTION	Carriage	
	5.1 – Report from the Chair		
	 2 prospective Consumer Representatives, referred by Samantha Gifford, Aboriginal Hospital Liaison Officer. PL will initiate contact and interviews. 	Peter Lewis	
6	Management Reports		
	6.1 – GM Report		
	 Valerie J is finishing up at TSH this Friday 7th Feb. VJ is taking up a new role as Executive Director – People, Culture and Capability at the Children and Adolescent Health Service in Perth, Western Australia. 		
	 Vanessa Madunic, General Manager, Royal Hospital for Women will act in the role of General Manager, Sutherland Hospital and Garrawarra Centre alongside her substantive role while the recruitment process occurs. 		
	 PL thanked Valerie for her contributions to TSH, and involvement and support of the Consumer Advisory Group, and wished her all the best on behalf of the CAG. 		
	 Current GM priorities – managing the coronavirus (2019- nCoV). Refer to latest update from Josh Philp, Infection Control (per item 6.15). 	Valerie Jovanovic	
	 New initiative from the District Strategy Meeting - 'All The Small Things Campaign'. Throughout February SESLHD staff are encouraged to advise what changes can be made to make their work life a little smoother (via URL below). 		
	https://www.seslhd.health.nsw.gov.au/all-small-things		
	 Planning for winter – providing access to care is a key focus. Elective surgery – Last winter TSH needed to cancel some patients, so it is a TSH priority to balance that. Surge beds aren't sustainable and have had an impact on staff and workload. TSH is making use of data collected over the past 2-3 years and looking at trends, then approaching the district accordingly. 8 extra beds were opened prior to Christmas (General Medical Unit), so that is a start. 		
	6.15 – Coronavirus Update (2019-nCoV)		
	 Josh P advised there are 13 confirmed cases in Australia, 21,000 confirmed cases worldwide, and 380 confirmed deaths (as at 5th Feb 2020). 	Joshua Philp	
	 Border Protection and Control have ceased all travel from mainland China. 		
	There is a current incubation period of 14 days.		
	Information is constantly changing / updating.		

ITEM	DESCRIPTION	Carriage
	6.2 – Nursing and Midwifery	
	 Busy Christmas / New Year period, surge beds were open, not unusual for that time. 	
	 TSH and Illawarra have partnered up to fill in for staff caught up in the recent bushfires. 	
	 4-5 nurses being sent to Sydney airport each day to assist with 2019-nCoV screening, approx. 2000 passengers per day. This is overtime for staff and not done during their usual work hours. The challenge is that information is constantly changing. 	
	 P2 masks are now out of stock across the state. The Hospital is maintaining a good supply of masks and hand sanitizer, and those are placed at the entrances to clinical areas (ED, ICU, Oncology). 	Jan Heiler
	 Best preventative methods are to wash hands and cover mouth when coughing. 	
	 Patient Flow and Demand Report provided, embedded below. 4508_001.pdf 	
	 10am discharge time – TSH still trying to achieve an improvement in this area. 	
	 New grads start next week – 1st cohort in Feb, 2nd cohort in March, 3rd cohort in August. 	
	6.3 - Overview of Patient Feedback	
	 N/A - Quarterly update and attendance (Mar, Jul & Nov 2020). 	Valmai Ciccarello

6.4 - Corporate Services The recent severe storm brought about news leaks in the hospital. Maintenance worked closely with RSF to secure and clean fallen branches. KV currently exploring insurance options (what can and can't be claimed). Linen audit recently conducted, looking at hospital linen levels. No linen audits have been done previously, so there is a lot of 'linen hoarding' happening throughout the hospital. The report will be generated within 2 weeks and staff will be advised of the correct process to ensure their department has sufficient linen levels. New Security Audit Improvement Tool (SAIT) – KV in process of ensuring all security processes are correct for security cameras, storage of camera footage etc. Environmental Sustainability Chair sent a template to managers to request any existing sustainability initiatives or new ideas. All initiatives will be compiled, and any duplicate initiatives may be made hospital wide. Document Reviews: 1) Southcare Geriatric Flying Squad Brochure - Jeannette Jarick, Nurse Practitioner TSH Southcare Geriatric Flying Squad (GFS) • CAG Consumer Reps. advised Jeannette J the brochure was well laid out, logical and well written. Brochure endorsed by the TSH Consumer Advisory Group. KS provided Jeannette J with the CAG approval logo. 2) My Health Questions Pocket Card – Jim Hankins • JH needs to clarify a few things before this can be formally reviewed by CAG (i.e. document owner, who will the cards be provided to etc.). 8 Presentations / Discussions: • N/A – nil 9 Standing Items 9.1 Standards / Accreditation • N/A – Next meeting to take place on 26/02. ITEM	DESCRIPTION	Carriage
	9.3 Clinical Council	Jenny Church
	Meeting notes provided by JC below:	
	 Length of stay at Rehab is now the shortest in the state. Ophthalmology unit may have a regular Clinic at TSH. 	
	MRI – The facility has identified a potential location.	
	 CT Machine has arrived and hand over to the facility is due this week. Business case in progress as currently no staffing to run 2 machines. The CAG are concerned regarding two recent RCAs which highlighted delays contributing to poor patient outcomes, and for the matter to be escalated to Patient Safety in relation the staffing of the two CTs. Malcolm R will raise this at the next Patient Safety meeting. 	
	 Endocrinology will be a shared service between St George and Sutherland Hospital. Operation Theatre team will come under a management team to plan works. Aspire Program (PWC Trial) will end in Feb 2020. Budget overruns \$14m, works costs are the main reason. Windows 10 update – all machines will be updated, and those that can't be will be replaced. Co-Chair Benjamin Kwan will step down after this meeting, with a replacement for endorsement by Council – Dr Philip Conroy, starting 13/02/2020. 	
	9.4 Emergency Department	Peter Lewis / Gillian
	• N/A	McDonnell
	9.5 Falls Prevention	Sonia Markoff
	No change in falls rate, some improvement.	
	 High risk observation room has been relocated, looking at a consistent approach. 	
	9.6 Person Centered Care	Debbie Wood
	• N/A	
	9.7 Pressure Injury Prevention and Management	Sonia Markoff
	 PT advised there is an ongoing issue with eMR and delayed identification. There is now a risk assessment and skin inspection. 	
	 No stage 3 or 4 pressure injuries, increase in stage 1 pressure injuries. Strategies are now being put in place earlier 	

İTEM	DESCRIPTION	Carriage
	9.8 Patient Flow and Demand Management	Gregory Cramery (Written Update)
	KPIs included below:	(written opuate)
	PDF	
	4508_001.pdf	
	0.0 = 0.1	Sharon Bennett
	9.9 TSH Emergency Response Working Group Aggressive Incidents Report	Sharon bennett
	Total 269 occurrences of Aggression, 61 Code Black, 31	
	Verbal aggression. Total 1,412 aggressive incidents during	
	2019	
	Infection Prevention & Control / Staff Health Update	
	5 pertussis incidents. 1 Meningococcal incident, Measles	
	outbreak NZ/ Samoa/ Tonga/ Fiji, Polio outbreak in Philippines.	
	SESLHD Emergency Management Committee Update	
	Code YELLOW: ICT commencing to staff	
	Swipe Cards: TSH staff resignations – plans in place –	
	Security disable swipe cards regularly – incident (not at Sutherland) ex-husband got hold of wife's security card and	
	killed her).	
	Impact of bushfire smoke: all Operating Theatres impacted	
	with airflow across district. 9.10 Patient Safety and Clinical Quality	Malcolm Ricker
	·	
	 Diversional Therapy Program – still being pursued, but there is a lack of funding. A brief is being prepared, needs further 	
	comprehensive data.	
	No significant changes to RCA rates, improvement in SAC2 overts, and modication issues were up for all areas.	
	events, and medication issues were up for all areas.	
	 Complaints were down from Aug to Nov 2019 – including lost property, cleaning and infection control, wait times. 	
	 MR noted that the Consumer WalkAround has a high profile in the PSQC meeting.
