

REGISTERING WITH ONLINE SHOPPING PROVIDERS

Online Shopping

Most large retailers offer online food shopping options.

To access these, you usually need:

- an email address
- a credit card or online payment system like PayPal

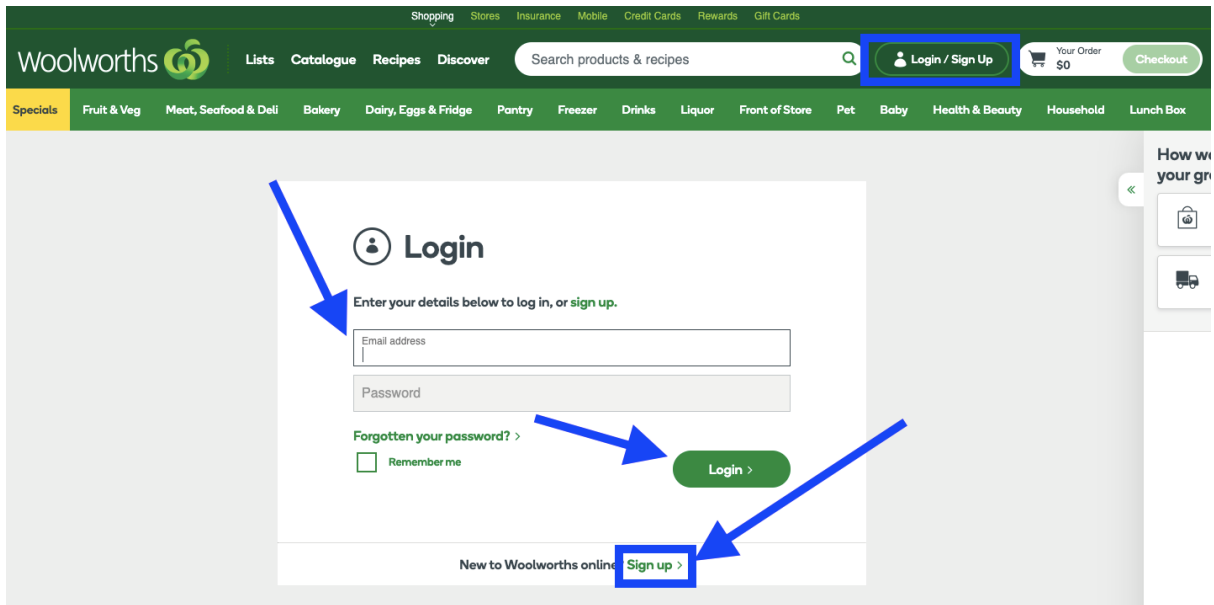

The steps involved in on-line shopping can be different for each retailer. This booklet will show you what you can expect when setting up or registering for an account with some common retailers.

Some retailers also offer phone ordering services. If they do, these details are also provided.

Please note, we do not endorse any particular company/service and regularly check the content to keep this as up to date as possible. If you are aware of other services or notice an error, please inform us at: SESLHD-YourVoice@health.nsw.gov.au
