COURSE DESIGN AND AIM

This workshop intent is to provide an opportunity for nurses to foster growth in Ophthalmic practice. Utilising various ophthalmic skill stations, participants will acquire knowledge, skills, and attributes in performing ophthalmic procedural techniques. Practice hands on clinical skills to aid in the assessment of eye conditions. The skill stations comprise of mini-interactive lectures and hands on practice.

SEMINAR TOPICS

- Common diagnostic equipment used in an ophthalmic outpatient department.
- Ophthalmic assessment
- Theory and clinical reasoning underpinning the knowledge /skills related to a range of ophthalmic techniques .
