

## Expression of Interest Education Program for NUM/MUM's 2020 A SGH development plan to strengthen the role of the Nurse and Midwifery Unit Managers

The St George Hospital Nursing and Midwifery Service have a strong history of successfully taking clinical staff with the passion and motivation for leading and managing teams and developing them into exceptional Nurse and Midwifery Unit Managers.

**It's now time to strengthen our current NUMs/MUMs roles and provide additional foundational theory. If you meet the criteria outlined below and would like the opportunity to undergo training in a structured and supported program then this is the program for you.**

We are seeking expressions of interest from SGH Nurse/Midwife Unit Managers who are employees of St George Hospital who are interested in undergoing a 6 month educational program to strengthen their existing knowledge and skills as a NUM/MUM. The program will assist in managing workforce related issues such as FTE management, performance development, enhanced rostering, role clarity and teach tips and tricks to managing as a NUM/MUM.

If you are interested in broadening your experience and further developing your current Nurse/Midwife manager skills, experience and exposure then this is a great opportunity to gain experience through a supported education program with relevance to NUMs/MUMs at all levels in permanent and long term relief positions.

If you meet the criteria below, we welcome your expression of interest. Please submit your application, together with the completed task outlined below and your current Curriculum Vitae

### Essential Criteria:

- Registered Nurse/Midwife with current National registration with AHPRA
- Current permanent or long term relieving Nurse/Midwifery Unit Manager
- Demonstrated engagement in professional development of self and ability to complete project work allocated
- Support from your current line manager in writing (email/letter)

### Application Tasks

Tell us in a brief narrative, one page or less why you would like to undertake the program and what about your role you would like to see strengthened as a result of this program.
