

Expression of Interest Future NUM/MUMs Program 2020/21

**Are you a future Nursing/Midwifery Unit Manager?
Have you ever thought that you might like to
manage and lead a ward or clinical unit
but didn't think you had the knowledge or skills to take on the role?**

We are seeking expressions of interest from Registered Nurses / Midwives who are current employees of St George Hospital who are interested in undergoing a NUM/MUM training program for future relief and promotional opportunities.

If you are interested in pursuing a career in leadership and management this is a great opportunity to gain experience through a supported training program. The annual tailored program has proven successful for previous applicants who are now in permanent management positions or long term relief secondments.

You will work in a position alongside an existing NUM/MUM and learn the essential skills and functions of ward and unit management from key nursing and midwifery management personnel and service providers across the organisation.

If you meet the criteria below, we welcome your expression of interest together with a current CV.

Essential Criteria:

- Registered Nurse/Midwife with current National registration with AHPRA
- 3 years fulltime equivalent post graduate acute care nursing/midwifery experience
- Current employee of St George Hospital
- Willingness to work fulltime whilst undergoing orientation and leave relief opportunities
- Demonstrated engagement in professional development of self
- Statement of 3 key management qualities you consider essential for leading and managing a ward/unit and staff and how they apply to you
- 2 examples outlining how you have managed a problem within your clinical unit
- Support from your current line manager in writing (email/letter)

Anticipated start for orientation & training January/early February 2020

Enquiries & Application (electronic applications only)
