

ADULT EMERGENCY DEPARTMENT HAS MOVED

The Prince of Wales Hospital Adult Emergency Department (ED) has moved to level B2 of the new Acute Services Building.

The new ED is accessible from **Magill Street, via Botany Street.**

The former ED has closed permanently.

KEY CHANGES

- ED has moved to a new location, accessed from Magill St via Botany St.
- Best parking for ED remains in the Randwick Hospitals Campus car park (via Barker St).
- From the car park, best pedestrian access is via an internal public link bridge on level 0 (accessible from the existing Barker St main hospital entrance).
- From the UNSW Light Rail stop, best pedestrian access is via Botany St to the Acute Services Building front entrance or Magill St ED entrance.
- Vehicle access to Hospital Rd via Magill St available between 7am and 10pm only.

For a full list of hospital services relocated to the new building, visit the [Prince of Wales Hospital website](#).

For assistance navigating the hospital, visit the Information Desks located at all entry points.
