

# CORONAVIRUS (COVID-19) & OUR COMMUNITY

COVID-19 can be very dangerous especially for our mob  
and people who already have health issues

## SYMPTOMS

### EVERYONE SHOULD GET TESTED EVEN FOR MINOR SYMPTOMS

Fever, sore throat, runny nose, cough, headache, shortness  
of breath and many more

## GETTING TESTED

You can get tested at any hospital or COVID clinic

Visit this link for a full list of clinics:

**[www.seslhd.health.nsw.gov.au/covid-19-clinics](http://www.seslhd.health.nsw.gov.au/covid-19-clinics)**

## WHAT TO DO AFTER TESTING

- Isolate and go straight home and wear a mask
- Separate yourself from others and keep away from our Elders
- You will need others to get your shopping
- If your symptoms get worse call 000

## GETTING IN CONTACT

*Our Aboriginal Health Workers are here to help!*

 **0439 - 413 - 094**
