

CORONAVIRUS (COVID-19) AND OUR COMMUNITY

#KeepOurMobSafe

WHAT IS COVID-19?

It is like the flu or a cold and COVID-19 spreads from person to person. You can catch it when someone coughs near you. Everyone should get tested even for minor symptoms

WHY TEST?

COVID-19 can be very dangerous especially for our mob and people who already have health problems

WHEN TO TEST?

If you have any of these symptoms:

- Fever
- Sore/scratchy throat
- Shortness of breath
- Coughing
- Runny nose
- A loss of smell

For more COVID-19 information

call

0439 413 094

HOW TO TEST?

A medical professional will swab inside your nose and throat which is sent off for testing

WHERE TO TEST?

You can get tested at any hospital or go to this link for a list of all testing clinics in South Eastern Sydney:
