Local MP welcomes graduates at St George

Mark Coure MP, Member for Oatley, recently visited St George Hospital (pictured) to welcome 50 transition to professional practice nurses who have recently commenced their careers at the hospital.

The intake is the second for the year, with 60 of these nurses in the first round; a total of more than 100 nurses new nurses.

Vicki Manning, Director of Nursing and Midwifery Services, St George Hospital said: "We are excited to welcome both groups who have recently commenced their careers with us, and we hope this leads to a long and rewarding career at St George Hospital."

Mark spent the morning with the group whilst they undertook basic life training skills: "They are learning from the best and are in very capable hands," he said.
